## RUSSIAN CAVALRY REPULSED.

Russian and Japanese Troops Suffer Greatly from the Extreme Cold of the Manchurian Winter.

### TEN THOUSAND RUSSIANS INVALIDED HOME.

Japan Lost a Cruiser in the Second Last Attack on Port Arthur. A huge Attack on Port Arthur is Believed to be in Progress Now, and the Result is Awaited with Great Anxiety in St. Petersburg Bandits Destroying the Trans-Siberian Railway.

[BULLETIN SPECIAL WAR SERVICE.]

#### Another Attack on Port Arthur.

St. Petersburg, March 1.—The report has been spread throughout the city that the Japanese have made a combined sea and land attack on Port Arthur and that fighting is going on now.

#### Honor for Russian Battleship

The conduct of the cruiser Novik during yesterday's attack by the Japanese has been highly commended. The cruiser led the other ships and made for the enemy, maneuvering at full speed and firing her fore and aft batteries. She received the fire of the whole Japanese fleet but was not silenced. The Novik concentrated her fire on the flagship before returning to the inner harbor and a huge column of smoke and fire was seen issuing from the vessel. It is nothing remarkable that the Novik should have led the Russian fleet as she is the fastest warship afloat. She is the most remarkable fighting ship ever constructed, a 3000 ton destroyer, with a 25 knot speed, having been built at Hlun, Prussia. She carries six 4.7 inch guns, the same as used by the British at the defence of Lady Smith. She is rated as a cruiser but is often spoken of as a destroyer. A sister of this ship the Boyarin, built at Copenhagen, was torpedoed by the Japanese two weeks ago, in Port Arthur harbor.

#### Bandits Wrecking Trans-Siberian Railroad

St. Petersburg, March 1.—Cables from Port Arthur state the Manchuria railroad has suffered considerably by the continued acts of marauders. Twenty-two locomotives and a number of cars have been disabled.

#### Japs Occupy Town

Tio Yang, Manchuria, March 1.—The Japanese have occupied Tokio Yang, Corea, and are now fortifying the town. This was the objective point of General Mishotenko who with a detachment of cossacks, as announced yesterday, had reached Kasangra, Corea, and was expected to arrive at Tokio Yang yesterday. A detachment of Russian troops is in the neighborhood of Tokio Yang.

#### Japan Lost a Cruiser

Contrary to all reports Japan lost a large cruiser in the second attack on Port Arthur.

#### Russian Army

St. Petersburg, March 2.—The Russian army of occupation in the far east will consist of 123,000 infantry, 16,000 cossacks, 5,000 artillery, 8,000 engineers and 25,000 railway guards.

#### Invalided from Frost Bites

London, March 2.—The correspondent of the Reuter telegram company wires that Russian officials confirm the report that 10,000 Russian soldiers have been permanently unfitted for service by being frost bitten.

#### Japs Suffer from Cold

London, March 2.—The Daily Mail's Chemulpo cable "The Japanese troops in Corea and Manchuria are in a bad shape. Disease and cold has caused the death of many. Provisions have run low.

#### Attack on Port Arthur

London, March 2.—No confirmation of the report published yesterday in the Daily Telegraph that the Japanese had again bombarded Port Arthur has been received from any point. The wires from the scene of war have been practically silent for the past twenty-four hours and in some instances this silence is prophesied to indicate that Japan's great attack on Port Arthur is in progress and that consequently the use of the wires has been discontinued.

#### Japs Object

In a despatch from Shanghai a correspondent of the Daily Telegraph reports that the Japanese military authorities object to the installation of wireless telegraph apparatus on newspaper despatch boats.

#### St. Petersburg Uneasy

St. Petersburg, March 2.—The greatest uneasiness is felt by military and naval authorities who have received information that the Japanese were ordered to attack Port Arthur in force to-day and endeavor to land troops under cover of the guns of the fleet. Should the Japanese attempt to force the harbor the Russian authorities expect a decisive victory. Nevertheless, there is alarm manifested because of the inability to communicate with Port Arthur.

#### Russian Cavalry Repulsed

London, March 2.—The Japanese inflicted a defeat on the Russians near Aju and Ping Yang. Troops of both nations are in bad shape. Port Arthur seems to be cut off from communication, as no news has been received of supposed recent bombardment.

Tokio, March 2.—Reports issued by the Japanese war office state that the Russian cavalry had been defeated near Aju and Ping Yang.

SCOURGE OF SMALL POX

AMONG THE INDIANS

North of Battleford. The Disease is Rapidly Spreading and carrying off Great Numbers.

(Bulletin Special Despatch.)

Winnipeg, March 2nd. A scourge of small pox nearly wiped the Indians in Lelecruss district in Eastern Saskatchewan. So far over sixty deaths have occurred there, and at last reports the epidemic is still raging.

Hudson Bay Company's traders there are making heroic efforts to stop the spread of the disease, but are meeting with small success.

A few days ago a doctor left on his holidays to visit this north post. On his way up he met traders who told him of the disease there, and he started back for vaccine.

Commissioner Lucid of the Indian Department stated to-day that a detachment of Mounted Police had been sent to help the doctors. It will be some days before they catch up with these other Indians also have small pox, and beside are very short of food, but he stated that when he left the other settlements no deaths had occurred. Every fur trader from the far north tells of suffering among the Indians.

Dr. McCulloch of Battleford is in charge of the expedition.

Olds senior hockey team last night defaulted to Lacombe in the finals between the two teams for the championship of Central Alberta. On Saturday evening Lacombe defeated Red Deer in the finals by a score of 12 to 4.

The Lacombe team have asked the Edmonton team if they may take a Red Deer man with them to Edmonton to fill Bert Williams' place. The request was readily granted. The games will certainly be the very best yet, and Edmonton may well get down to hard practice in the mean time.

The Lacombe senior hockey team will play the Edmonton seniors, in Edmonton on Wednesday, Thursday, and Friday nights of next week, for the set of solid gold medals donated by the Edmonton Trades and Labor Council. The Lacombe team has recently met with a great loss in having Bert Williams, a brother of Jim Williams, Lacombe's fastest man, break a small bone in his ankle. This has necessitated his laying off for the balance of the season.
